The NCPE congratulates Dr Helena Dalli on her nomination to the European Commission

The NCPE congratulates Dr Helena Dalli on her nomination as a member of the European Commission. Throughout her long political career, Dr Dalli has always striven for the achievement of equality in its broad sense; equality between women and men, for LGBTI+ persons and for groups hailing from minority ethnic and religious backgrounds, amongst others. Her work has brought momentous changes to our country and ushered in legal and social reforms that have had a practical and direct impact on social groups that experience discrimination and inequality.

Her nomination to such a prestigious post in the EU institutions is, therefore, highly significant. The NCPE is convinced that as a member of the European Commission Dr Dalli will be in an even stronger position to promote equality in Europe.

It is also encouraging that, by nominating a woman to this important EU institution, Malta is contributing to achieving gender-balance in decision-making on a European level.
